**MONOGRAM 36" DUAL-FUEL PROFESSIONAL RANGE WITH 4 BURNERS AND GRIDDLE**

ZDP364NDTSS (NATURAL GAS)

**BUILT-IN WIFI, POWERED BY SMARTHQ™ APP**
Perfectly in sync with your busy lifestyle, connect, control and manage your oven from anywhere with your smartphone or tablet.

**BETTER WHEN CONNECTED**
Downloadable upgrades ensure your oven is always enhanced with the latest features, like Air Fry and Precision Cooking Modes.

**INDUSTRY EXCLUSIVE—TRUETEMP™ BURNER**
This powerful 21,000 BTU gas burner offers a precision temperature-management system that works with Hestan Cue™ cookware for a consistently delicious cooking experience.

**VERSATILE GAS BURNER CONFIGURATION**
Delivering exceptional cooking flexibility, the 21,000 and 23,000 BTU multi-ring brass burners and dual-stack burners offer a range of heat settings, from gentle simmer to intense flame.

**3-PIECE GRATES WITH REVERSIBLE WOK FEATURE**
Designed to adapt to different cooking styles, these reversible grates are flat on one side and uniquely contoured on the other to perfectly fit round-bottom woks.

**HOT AIR FRY**
A must-have for health-conscious cooks, the Hot Air Fry mode crisps food to crunchy perfection, without using oils or butter.

**PRECISION OVEN MODES**
Simplify the cooking process with Precision Oven Modes that automatically track progress and make time and temperature adjustments.

**ARTICULATING 7” TOUCH LCD CONTROL**
With just a touch, this intelligently designed LCD swings out toward the user for a more ergonomic experience and then moves back flush with the control panel when not in use.

**WIFI MONITORING AND REMOTE CONTROL WITH THE SMARTHQ™ APP**
Perfect for a busy lifestyle, built-in WiFi capabilities allow for the remote activation of cooking functions, like preheating the oven, setting timers, activating Chef Connect and more.

**CHEF CONNECT**
Stay completely connected with Chef Connect, the smart and convenient feature that can effortlessly synchronize a range of kitchen items such as surface lights and even the vent when the burners are on.

**INDUSTRY EXCLUSIVE—CUSTOM COLOR LED ACCENT LIGHTING**
For an elevated level of luxury, use the SmartHQ™ app to customize the accent lighting color and brightness to perfectly match your kitchen décor or dining ambiance.

**RING-LIT KNOBS**
Delivering a modern approach to customization, the SmartHQ™ app allows for the range knobs to be set in any color you choose, indicating when a burner is on and showing the status of the oven.

**SOLID BRASS BLADES ON PRECISION MACHINED KNOBS**
With an unmatched attention to detail, all knobs on the new Monogram Pro ranges and range tops come with solid brass accents.

**SEAMLESS STAINLESS TOP FRAME**
Meticulously crafted from one piece of stainless steel that covers the cooktop and control panel, this seamless and stylish surface is easy to clean and beautiful to look at.

**SOFT-CLOSE HINGES**
Specially designed, soft-close hinges ensure that the oven door always closes smoothly and quietly for a new level of kitchen refinement.

**3 FULL-EXTENSION, SMOOTH-GLIDE, SELF-CLEAN OVEN RACKS**
Self-clean oven racks glide smoothly in and out on stainless steel ball bearings for easy access and are designed to remain in the oven during the self-clean cycle.

ATTENTION ELECTRICIAN:

Electrical requirements: Ranges must be supplied with 208/240V, 60Hz, and connected to an individual, properly grounded branch circuit protected by a circuit breaker or time-delay fuse. Install a 30-amp circuit for 36" ranges. See installation instructions for further details.
All Dual-Fuel Professional Ranges are factory set for natural gas.

NOTE
A propane conversion kit is included with the range. High Altitude kit for operation above 6,000 feet (for Natural and LP gas models), is available at an additional cost. The conversion must be performed by a qualified gas installer at additional cost.

HA NG Service Kit: WB28X39726
HA LP Service Kit: WB28X39727

INSTALLATION INFORMATION
Before installing, consult installation instructions packed with product or online at Monogram.com for current dimensional data. A suitable overhead vent hood is required for models with a grill and is recommended for all other models.

ADVANCE PLANNING
Refer to dimensional drawings for appropriate placement and necessary clearances when planning the installation.

• Working areas adjacent to the range should have 18” minimum clearance between countertop and cabinet bottom.
• Clearance between range and side wall or combustible material must be at least 12” on each side.
• Installation must conform with local codes. In the absence of local codes, the range must comply with the National Fuel Gas Code, ANSI Z223.1-1990.

ADDITIONAL CLEARANCES:
Allow 12” minimum clearance to an adjacent wall on each side.
Working areas adjacent to the rangetop should have 18” minimum clearance between countertop and the bottom of the wall cabinet.

**As defined in the National Fuel Gas Code (ANSI Z223.1/CSA B149.1, Current Edition). Clearances from non-combustible materials are not part of the ANSI Z21.1/CSA 1.1 scope and are not certified by CSA. Clearances less than 12” must be approved by local codes and/or the authority having jurisdiction.

HELPFUL TIPS
Installations without a hood require 48” minimum to combustibles. A custom hood installation with exposed horizontal combustible surfaces must have an Auto-On feature. Refer to hood installation instructions for specific hood clearances.
The surface of the entire back wall above the range and below the hood must be covered with a non-combustible material such as metal, ceramic tile, brick, marble or other stone.
HELPFUL TIPS

GAS PRESSURE REGULATOR
You must use the gas pressure regulator supplied with this rangetop. For proper operations the inlet pressure to the regulator should be as follows:

Natural Gas:
Minimum pressure: 6” of Water Column
Maximum pressure: 13” of Water Column

Propane (LP) Gas:
Minimum pressure: 11” of Water Column
Maximum pressure: 13” of Water Column

See installation instructions for more details

OPTIONAL BACKSPLASH ACCESSORIES

- The range requires a 12” minimum clearance to a vertical combustible surface at the rear. A backsplash is required for installations with less than 12” clearance. The following backsplash accessories are available, or a custom, non-combustible backsplash can be used.
- Order one with a 36”-wide range backsplash:
  - UX12BS36PSS–12”-height backsplash
  - UXADBS36PSS–30”-36” adjustable-height backsplash with warming shelf

OPTIONAL STAINLESS STEEL KNOB KITS AVAILABLE

ZXPR36KKTSS – 30” and 36” Range
ZXPR48KKTSS – 48” Range
