Large amounts of usable space are made even more efficient with RCA Side-By-Side Refrigerators' wide variety of innovative and convenient features. Aqua and white interior colors (in dispenser models) offer a bright look in response to consumers' preference for lighter interiors. Spacious door shelves, large fruit and vegetable pans and a meat keeper with adjustable temperature control, are among those space-making features. The fixed or adjustable gallon door storage offers flexibility by allowing gallon storage in the door. With just a touch, the One Touch! dispenser delivers crushed ice, cubes and chilled water through the door to your glass. The adjustable temperature pan helps preserve freshness by adjusting temperature for meat or vegetables. The adjustable vegetable/fruit humidity crispers help keep vegetables & fruits fresher longer; low humidity for fruits and high humidity for vegetables. The Nice Cubes™ icemaker provides rounded-shape ice, designed for better fit into a glass, reducing “damming” or ice clogging as you drink a beverage. Whatever the preference, RCA has designed their Side-by-Side Refrigerators with the features and contemporary design that today’s consumers are looking for.

RCA Top-Mount No-Frost Refrigerators are designed for flexibility and convenience, keeping frozen food at eye level.

Refrigerator compartment has adjustable shelves, utility bin, fruit and vegetable pans, and a dairy compartment.

**Adjustable wheels enable you to roll out refrigerator for easy cleaning.**

**Fixed gallon door shelves** hold everything from a gallon of milk to a six-pack, accommodating taller bottles for maximum flexibility. **Adjustable, tempered glass shelves** (on some models) make clean-ups quick and easy. **Vegetable/fruit storage pans** have two distinctly different humidity levels: sealed for high-humidity storage of most vegetables, and unsealed for low-humidity storage of fruits.

**Durable wire shelves** (on some models) in the fresh food compartment adjust for storage needs. The **Nice Cubes™ icemaker** provides rounded-shape ice, designed for better fit into a glass, reducing “damming” or ice clogging as you drink a beverage. **Recessed handles** reflect the latest in European design and appearance. Inside and out, RCA Top-Mount No-Frost refrigerators provide a complete display of quality features and styling.
