Café™ 30" Slide-In Front Control Induction and Convection Double Oven Range

CHS950P4MW2 / CHS950P3MD1 / CHS950P2MS1

### Features & Benefits

Gourmet results without any guesswork - Take culinary skills to the next level with Gourmet Guided Cooking, which combines video-guided recipes from chefs with a system that automatically adjusts the time, temperature, and cooking pace for perfect results

Create dinners and desserts at the exact same time - From everyday gourmet meals to large dinner parties, achieve impressive results with two independent ovens with a total capacity of 7.0 cu. ft. for true cooking flexibility, along with the accurate heat circulation of True European Convection with Precise Air in the lower oven

An attractive appearance at all times - Every detail of your kitchen is designed to delight, thanks to a sleek backlit glass touch control panel that visually disappears when not in use and wakes up when prompted

The perfect combination of power & precision - Stun guests by showing off your 11" 3,700-watt induction element, which uses chef-preferred induction cooktop technology to deliver precise heat to cookware only. That means you can do everything from boiling a quart of water in 101 seconds to melting butter at exact temperatures with amazing efficiency

Precise control for flawless results - Delight guests with the precision of sous vide cooking or perfectly prepared fondues and delicate sauces using a precision cooking probe that is sold separately

Enjoy total control in the kitchen and beyond - Control your oven with your smart device or simply your voice using WiFi Connect

Create a look that matches your personal style - Select any combination of premium finishes and hardware options to create a stunning look customized to any owner’s taste

Ensure consistent temperatures across a large area - Evenly heat large griddles or enamel cookware across two 8" synchronized elements

DIMENSIONS

Receptacle Locations: Locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against rear wall.

Note: This appliance has been approved for 0” spacing to adjacent surfaces above the cooktop. However, a 6” minimum spacing to surfaces less than 15” above the cooktop and adjacent cabinet is recommended to reduce exposure to steam, grease splatter and heat.

Installation Information: Before installing, consult installation instructions for current dimensional data and additional requirements.
