- HydroWave™ wash system - Has variable speeds to match the wash action to the clothing type; Longer, slower travel through the water improves cleaning performance and is gentler on your clothes
- Three wash / spin speed combinations - Alternate between high, medium and low speeds for better clothes care
- 16 wash cycles - Offer fabric-specific clothes care
- Four wash / rinse temperatures - Washer cleans at the exact temperature needed to remove dirt and reduce wear
- Four water levels - Offers water and energy savings
- Bleach and fabric softener dispensers - Solutions are automatically mixed with wash water for bright, soft-to-the-touch results
- Auto soak - Soaks dirty clothes for 15 or 30 minutes before the wash cycle, so there's no need for an extra cycle
